With our Banquet coming up and the “transfer of the gavel,” it is a great time to think about your interest in a committee or officer position. This does not mean you need to be ready to commit for the next year, but if you are thinking about a leadership role, there are great opportunities to shadow a position and learn about it in advance.

Our Club will be volunteered to provide host services for the friendship exchange group from Brazil sometime between August 23-September 6, however, their visit has now been postponed until 2027.
